The Sinister and Astonishing Tactics of LGBTQ: **“SELL IT LIKE CEREAL!”**

With remarkable skill & dexterity, LGBTQ activists and their fellow travelers, the progressive elites, have revolutionized modern society and permanently modified ages-old societal customs and institutions within the course of only a few decades. As advocated and predicted by neuro-psychologist Marshall Kirk and advertising executive Hunter Madsen in their book *After the Ball: How America Will Conquer Its Fear and Hatred of Gays in the '90s* (1989), the mind-altering tactics of mass-marketing, propaganda, and large-scale societal brainwashing would effectively serve to rapidly change the mores & values of the prevailing culture.

I. The Tactics of Brainwashing & Propaganda.

The 3-steps of brainwashing allowed the LGBTQ+ agenda to be ***sold like cereal***—employing mass-marketing tactics:

1. ***desensitizing*** (i.e., getting us “used to” homosexuality through a sea of inundation; a form of “softening us up”); for example, every TV show would now feature a “normal” and positive LGBTQ character...
2. ***jamming*** the opposition (i.e., anti-gay forces would be portrayed as ignorant, hateful, and villainous)...
3. ***conversion*** (the majority understands that it *must* positively embrace the “gay” and his lifestyle).

This ultimately leads to ***coercion***—everyone must obey!

II. The progressively evolving public embrace of same-sex-attraction, as witnessed by its terminologies...

1. Originally called ***sodomy***—an ***act***; potentially *criminal*!
2. Then, the term ***Homosexuality*** was coined in the late 19th century—a ***condition*** (thus provoking *sympathy*).
3. Finally, ***Gay***: an ***identity***—a legitimate minority—that deserves & demands *wholehearted public acceptance*.

Result: Such means have served to ***normalize sin***, thus rapidly transforming what was once perceived as a *crime against nature* into a *legitimate co-equal civil identity*. All of this was achieved within a relatively brief span by a minority that didn't even formally *exist* a century ago. *Astonishing!*
